FABULOUS FAST RESULTS! - Before I found Footlogix I spent SO much money on soaks, lotions, creams, oils and pedicures for dry feet. I even went to a dermatologist, and he didn't know what to do for it. After my first use, my feet were so much better. After using the product for 3 days, ALL the dry, itchy skin is gone. Thanks, Footlogix!

BEST PRODUCT! - This product is nothing short of a miracle. I have suffered with hard, peeling, cracking feet and ugly toenails for years - despite getting monthly pedicures. In 1 week's time - by soaking my feet twice a day and using the mousse (WHICH I LOVE), I have feet that "regular" people have. This is the BEST product I have ever purchased for my feet! Thank You, Footlogix!

- Chandra, MD

FANTASTIC! - When my aesthetician recommended I use the Footlogix Cracked Heel Formula, I was very skeptical. I had used everything on my feet and nothing would take the cracks away. Well she convinced me to buy the can and I used the product every night. To my amazement, the cracks started to heal within days and in a month were gone. I truly believe in this product. It is fantastic, I can wear sexy shoes again and my husband is no longer grossed out by my feet!
